Head Office, No. 39, Queen's Road.

THE HONGKONG FIRE INSURANCE COM-PANY, which expires by effluxion of time in a few months, having proved highly successful undertaking, it has been determined by a large number of its shareholders to form a permanent Company under the same management and with

It is proposed to register the Company under the Limited Liability Ordinance, and the amount of the Capital having been fixed at Two Millions of Dollars, it is considered that Insurers will be amply secured thereby, while at the same time each shareholder will know the extent of his individual liability. The capital proposed to be called up amounts to a large sum, and provision will be made for the creation of an ample Reserve Fund, which will, it is expected, n a very short time accumulate to an amount practically to give the fullest security both to Insurers and Insured, irrespec-

tive of the unpaid Capital. It is intended to anticipate the termination of the Old Company, by dissolving it from and after the 31st December next, and measures are being taken for that purpose. In anticipating a successful career for the New Company, it is only necessary to present to the public the results of the Old Company since its establishment in May 1866, as exhibited by the following figures:-

The total premiums collected from the 11th May 1866 to the present time, a period of only two years and five.

months, amount to ...... \$304,727.77 The losses which have been paid within the same period have amounted to ......\$130,081.22

and include the large sum of \$85,270 lost by the Fire at Hongkong in Nov. 1867.

The amount now at the Credit of the Working Account, after paying all Expenses and Re-insurances to date.

These figures fully warrant the most sanguine expectations of success, and it is but reasonable to expect that, strengthened with larger Capital, the present undertaking cannot fail to prove at least as successful as the former one. The Old Company, when it entered the field, had to create a business for itself, but the New one, in taking over the outstanding risks and counections of the Old Company, will at once receive a very large amount of premium and enter on a profitable and organised business. Moreover, there is no doubt that the risk of Fire in Hongkong has been greatly diminished by the Building Regulations now in force, and by the establishment

The following are the main features of the New Company:-

Interest at 12 per cent per annum to be in the first instance allowed on the paid up Capital, such Interest to be payable

When such Reserve Fund shall have been accumulated, the payment of Interest to cease, and the profits to be applied thus: -- 20 per cent to be distributed as already mentioned amongst the shareholders who shall have contributed business to the Company; 30 per cent. to the augmentation of the Reserve Fund until it shall reach \$1,000,000, at which figure it is to be permanently maintained; and the remaining 50 per cent, to be distributed by way of dividend amongst the

shareholders generally. 4. No shareholder to hold more than 250

# THE CHINA MAIL.

HONGKONG, MONDAY, JAN. 18, 1869.

THE little Independente of Macao is again in hysterics over the China Mail. The chief cause of grief this time appears to be that in an editorial article quoted from the Melbourne Argus, a Victorian paper (not Tasmanian, as the Independente, with delightful geographical ig norance, supposes) the proprietor of this journal was alluded to as a person of "influence and respectability" in that Colony. The Independents is naturally very wroth, and quotes our last article on itself, which scarcely gave the satisfaction we had anticipated. However, the Independente plunges again into the coolie trade, and cannot see the difference between men stolen, or seduced from their homes, branded like cattle, and ill-treated to death, and free Chinese who choose, without any artificial inducement held out to them by interested agents, to take passage to Australia under no to more or less abuse of the China Mail

On one point we owe an apology to the Independente. We, inferentially, accused it of being a Government organ, but considering we are now being prosecuted by that Government for having (as it alleges) said that £2,000 were sent as a bribe to ex-Governor Amaral, we readily concede that the following is not

been sent from Macao to Lisbon to stifle the Annamite question, without, as was its duty, stating by whom this amount was sent, or for whom it was destined."

We wish the Macao Government joy of its defender! Governor Ameral is, perhaps, the most to be pitied, for it is his name that has been the most unwarrantably used by his professed friends in an attempt to do-that which most Englishmen in any part of the world invariably resist. It would have been a lock on the lips of any person who was confident enough to expose the iniquities the responsibility of doing so; but we really believe there is no person who, more than Sr. Amaral, regrets the course that has been adopted by the prosecution instituted in his name.

Mr Von Bergen, on being called, requested to be excused from serv ing on the ground that he was the only resident partner of his firm in the Colony The Chief Justice observed that, under these circumstances, and bearing in mind that the mail was being made up for Shanghai, Mr Bergen would be excused this time. He did not see why the service on juries should be made more onerous than necessary. Mr Bergen, however, would understand that he would have to sit next

His Lordship remarked that it might have been as well to adjourn the Sessions altogether, on account of the mail work. It was the business of this Court to suit the convenience of the Jury. - The Jury, however, preferred to go on, upon being told that it would be a very short session.

THE MASSACRE AT POVERTY BAY.

On Tuesday, November 10, before dawn, the Poverty Bay settlements were attacked, and thirty-five persons-men, women and children-were indiscriminately massacred. Twenty are missing, three of whom-Messrs Scott, Poynton, and Kempthorne (the latter a son of Mr S. Kempthorne, of Parnell)-are believed to have been killed. Neither sex nor age has been spared, the returned prisoners from the Chatham Islands having killed every one that they could reach. We may mention that Mrs. Biggs repeatedly told her neighbours that if anything happened she would die with her husband. The boy, seeing that the front was crowded with Maories, ran to the back, but they were there also, and coming again to the front, he crawled below a platform, and got into a flax bush, and thence into the scrub. Lingering for some time near the spot, he saw a native no doubt recognising their old pursuer-standing over Major Biggs, and beating out his brains with the butt-end of his musket.

The house of Lieutenant Wilson is a little farther up, about two or three paddocks distant, and probably another party attacked it at the same time as Major Biggs's house was attacked. The same boy, Charles James, whilst crouching in the scrub, heard a volley at Lieutenant Wilson's house. and in a few seconds the flames burst out, and every part of it was burning,

It seems the first house the Hau Haus came to was that of Mr. Dodd and Peppard, both of whom were killed, as well as two men'in their employment. Sergeant-major Butter was the first to discover what had happened here. He reached the woolshed between 4 and 5 o'clock on that morning, he having engaged to shear there. The house was 400 yards off, and seeing no movement there, he walked over to it. When he reached it the doys were barking furiously. Passing by them to the back of the building, he saw Mr. Dodd and Mr. Peppard both lying dead, shot, the latter lying cross the door-way. FOLMOSA COAL DEPOT AT KILUNG ITAS on hand a large Stock of COAL of Dibest quality, and is prepared to sup ply Steamers and Sailing Vessels with quick despatch at Current Kates, or deliver the same under Contract, at Hougkong and any Treaty Port in China.

The Depot drawing supplies from the best Mines only, intends to provide a superior article, free of the Surface Coal that has hitherto prejudiced consumers. MILISCH & Co.,

Agents. Kilung, April 2, 1868. HOLLOWAY'S PILLS & OINTMENT.

HOLLOWAY'S PILLS. I'HIS Medicine is universally admitted to be the most efficacious remedy known to the world. No preparation is so suitable to the climates of India and China LINES, signal HALYARDS. as this fine and invigorating medicine. is particularly adapted to the constitution of European ladies, as it is never failing in its offects in all diseases peculiar to females, while those who are attenuated by the debilitating effects of the above climates will find in this wonderful remedy a kind of talisman whereby they may insure a restoration to robust health.

HOLLOWAY'S OINTMENT. The science of Medicine has never before produced any remedy that can be compared to this wonderful Ointment, as it cures after all other means have failed, all wounds, sores, ulcers, and also the most inveterate skin diseases peculiar to the climates of India and China. It is the true friend of the Soldier and Civilian, as certain old sores can be removed by it that cannot be conquered by any other treat-

VII., for estimating prices, measurement of goods, exchanges, &c. have been selected from those constantly in use among the foreign merchants in Chins. Those for calculating the prices of tea in dollars or pence have been copied from the more extended tables, by the kind permission of the author, P. Loureiro, Esq. The ast section of the same chapter on "Movements in Bullion," has been prepared and furnished for the Guide by Patrick R. Harper, Esq., of the Commercial Bank of India at Hongkong, who has had much experience in the exchanges and movements of the precious metals in Eastern Asia.

"The Appendix of Sailing Directions has been reprinted from the Chins Pilot."

Pagen 110

The Appendix of Sailing Directions has been reprinted from the China Pilot. With short interruptions, the coasts from Singapore to Hakodadi are all described in it; and for the Chinese coasts, the Directions have been improved by the insertion of the Chinese characters for the names of all places that could be ascertained."
